Assignment #: 2

Your Name: Alex Malave

Collaborators/sources	Impact on your assignment

- You are encouraged to consult with peers or other resources ethically, without undermining your own learning. For instance, others may help you to...
 - Better understand tools, course materials, or the assignment,
 - Discuss problem-solving strategies.
- Unless otherwise specified, you **may not**...
 - Collaborate directly on developing code or write-ups,
 - Turn in someone else's work as your own.
- **Please cite all sources of help you have consulted** and briefly note the impact they had on the development of your solutions.
 - Yes, even the professor!
 - It is best to fill this sheet out as you go so you don't forget.
- **If you are found to have received (or given) inappropriate and un-cited assistance, you will receive a failing grade in the class.**
 - If you are unsure about a source or have questions, come see me!

I affirm that the above is an accurate description of aid I received on this assignment.
